

You can make a difference in your child's education. The staff and students at CPS invite you to become an active part of the school. Your assistance is needed in various ways throughout the year. Some opportunities will extend to the school curriculum while others will offer our children activities outside the regular program.

Using the list below, please check those items with which you would be willing to help. If you are uncertain, but have some interest, check it anyway. You can always change your mind later!

If your job or other responsibilities prevent you from getting involved, please talk to you child about school to determine if there are ways to assist him or her at home.

Name _____

E-mail _____ Phone _____

Child _____ Teacher _____
